RE: Whatley v Stephens
Cause # 1:21 cv 549

Dear Clerk

Would you please forward a docket sheet in the above styled and number case. also what is our position, with the summons being served, do I need to file *in forma pauperis* to have summons served.

also Derrick Holloway his case # 1:21 cv 613 is asking does he need to file *in forma pauperis* papers, at this time we are in the same dorm. Since the magistrate severed our cases, we do not know ^{what} position we are in. Because considering our heading we intended to cover all others similarly situation.

Please also ^{send} Holloway v Stephens # 1:21 cv 613 a docket sheet and *in forma pauperis* papers if necessary to keep his civil suit going. Because Holloway will definitely have a false imprisonment claim, following this suit.

Carpentras case was severed, considered he must have hired a attorney because, I have requested confirmations on service of summons.

Please any information would be helpful.
